# INFORMATION

Tops Hair Salon offers the very best in wedding hair. From the initial consultation, your one point of contact for appointment queries and details will be with our bridal specialist.

During an initial consultation, the finer details of your wedding will be discussed. This allows us to advise you on the time you need to arrive at the salon, the length of time you will expect to be with us and advise on different styles. We will confirm the quotation in writing and if you choose to accept a non-refundable deposit is required to secure your booking for your wedding day.

Extensions are also available in salon if you wish to have longer or more voluminous hair for your wedding day. Please ask your bridal specialist for more details.

On your practice day you will meet your stylist who will have a thorough discussion with you. We ask that you bring a head-dress/tiara, details of your veil and colour scheme thus allowing our stylists to use their creativity to the full and represent you on your special day. They will try out a number of different 'looks', so it is helpful for you to bring someone or a camera with you. At your practice we request you pay the balance outstanding so that you have nothing to worry about on your wedding day.

1-2 Weeks before is the best time to prepare your hair for the day. Why not treat yourself to a colour or colour gloss and Cut & Blowdry to make your hair look and feel beautiful on the day.

On your wedding day your stylist will recreate the style previously agreed by you .

Please don't hesitate to contact us for further details.
